Sophomores

Dale Smith

Bobby Brewer

Class Will

Dale Smith leaves his brains to Leo Holt, his place in the band to John Clark, his habit of sleeping in school to Doug Pogue, and his great physique to Boyd Hansen.

JoAnn Pickett leaves her talent to play the piano to Irene, her habit of flirting with the teacher, in order to get good grades, to Dorthy and her many good looks to Joyce.

Clark Shelley leaves his stubborness and his love for a good argument to Edwin, his tall dark handsome good looks to Doug and all of his freckles to Leo, even if Leo doesn't need them.

Bobby Brewer leaves her secret love for Brantley Baird to Analee. She leaves her false teeth to Doris, her wig to Dorothy, and her habit of talking in school to Edwin.

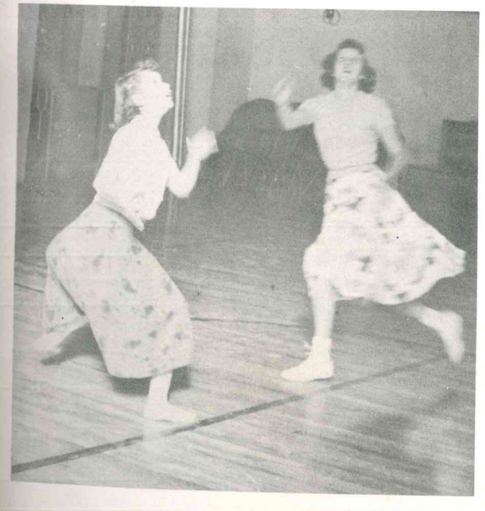
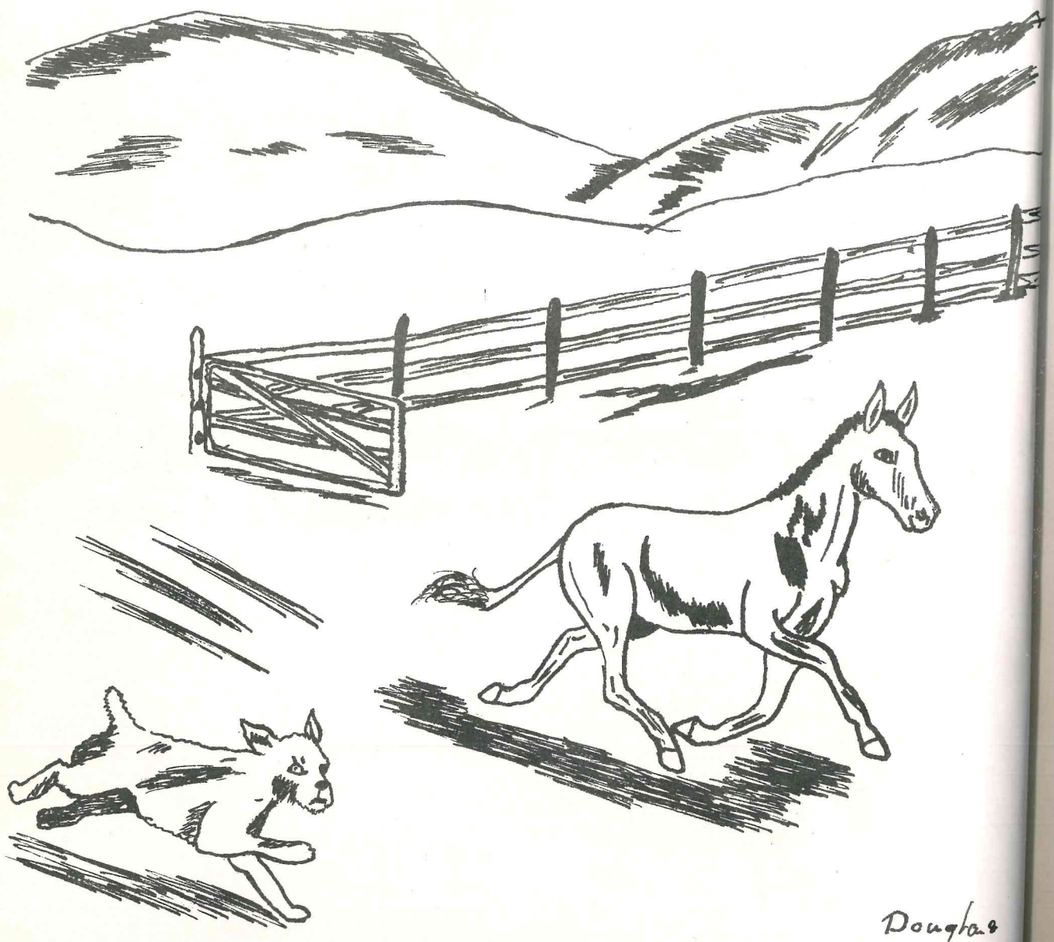
Girls' P. E.

Our P. E. Class has been a lot of fun this year. We have played the 5th and 6th grade boys several times but we only won once. Mr. Hatch, our teacher has been helping us plan Twirp Week. All of us girls are looking forward to this week because we get to take the boys. To end the week, a Twirp Week Ball will be held in the gym. No parents allowed and the girls ask for the dates.

We really have had a lot of fun this year in P. E.



Activities



Douglas Pogue

Our Band

There are sixteen members in our band this year. We played in P. T. A. one night and the next day we marched in the Christmas parade at Winslow. We were surprised to learn we had won second prize, a gold cup. The band gave an assembly program Jan. 15. The members of the band played solos. We think we have a good band this year and we enjoy it a lot.

Girls

Freshman Initiation

Imagine? Scrap Drive

First and Second Grades

School started August 31, 1953 and brought six timid girls and four wide-eyed boys to the beginning class of the first grade. They have been an alert group and as each new activity or problem was presented it seemed more interesting than the last.

The second grade had an enrollment of 11 but there has been two withdrawals.

In October we presented an assembly program for Halloween and everybody got to dress up. That is real fun in our room.

At Christmas time with the older grades we helped put on the Operetta, *The Wonderful Wish Box.* Fairy and elf parts are just what we like.

During January we have been working hard on health habits and trying to practice them. We have enjoyed some good films on both health and safety.

When the P. T. A. put on a membership drive our room won the prize for the highest percentage of parents as members.

We have enjoyed the new phonograph and all the new records bought this year.

February brings a lot of work for we are to give another assembly program, but everyone will help.

School with teacher, friends, comfortable rooms and good equipment and a song in your hearts is a nice place to spend happy hours.

Third and Fourth Grades

In school this year we have done many interesting things. In the fall we went on a hike through the wash. In November our room gave a Thanksgiving play. The name of it was, *Lost and Found Spirit of Thanksgiving.* We had some music to go with the play.

With the help of two other rooms we gave a Christmas play the Friday before Christmas. Santa Claus visited us after the play and everybody had a good time.

We got out of school for our Christmas vacation on December 23.

On January 4 we started back to school. The afternoon we started, after our Christmas vacation, we got to bring some of the presents we got for Christmas to show to the rest of the class. Some of us brought games and we had fun playing with them.

Fifth and Sixth Grades

When school started there were eleven boys and eight girls in our room. At the end of the first month, Raymond Pooley left to go to Canada. During the second month, Carole Willis came back to Joseph City and entered the sixth grade. She didn't get to stay long, however, as she moved to Tucson at Thanksgiving time. Then a new girl from Texas, Alaine Hodgson, moved here and joined the fifth grade. After Christmas, Leola Williams came in from Woodruff and the fifth grade now had an enrollment of thirteen.

The fifth and sixth grades gave their first assembly program on October 19. In October, we also had our Halloween party.

At Christmas we joined Mrs. Bushman's and Mrs. Richard's rooms in presenting the Christmas Operetta. We all welcomed the holidays and a chance to just play for awhile.

After the holidays the Indian girls, Mary Joe and Ethel Leman did not return to school, but Raymond Pooley decided that he liked Joseph City better than Canada and is now back in our room.

Seventh and Eighth Grades

We started school this year with three boys and three girls in the seventh grade, but Rulon Williams left in December.

The eighth grade has three boys and four girls. Two of these students are new this year, they are Bill Schulte and Lanell Perkins.

In October, Lamon Wimmer had a fall and broke the same leg he had broken before. It seemed to be pretty serious so he didn't come back to school until after the Thanksgiving holidays.

About the first of October, we gave a Wilbur Maxwell play, *Wilbur Saw It First,* with Dale Despain playing "Wilbur." It turned out to be a pretty big success.

We all welcomed the Christmas holidays which lasted a quiet ten days at home.

In January, we gave another Wilbur play, *Wilbur Takes His Medicine.* This play turned out better than the other one, I guess, because we heard about it for several days afterward.

Ninth and Tenth Grades

Calendar

WATT'S AHEAD

Only time will tell what's ahead for each of you: maybe fame . . . or fortune . . . or, maybe both. In any case, the real measure of success is not fame or fortune; it's freedom. Freedom to think, freedom to speak, and freedom to act. Your biggest responsibility is the protection of those freedoms for yourself and for others. What's ahead depends on your efforts. Fame and fortune have little value without freedom, so we must all be alert to combat any force that attempts to take our freedom from us.

it's a FACT!

As you turn these pages today, or on some tomorrow, you will re-live the wonderful times you had "back in the good ole' days" at your Alma Mater. With the passing of years this annual will become a priceless treasure-train to whisk you back along memory lane to rejoin your old friends and re-visit familiar places.

As we at USECO turn these pages, we see the America of tomorrow. The farmers, the lawyers, the doctors, and the many trades and professions are so ably represented within these pages. We are honored to have played a part in recording this pictorial history of your 1954 school days . . .

. . . and THAT'S A FACT!
